The architectural practice of Duane Phillips, Architektur und Städtebau provides architectural services ranging from site planning, design, and approvals, to cost estimating, specifications, and on-site construction supervision.

The area of work ranges from housing (single family to large housing developments), offices, shops, facilities for the elderly, as well as interior design and regional master planning.

Clients include not only local German businesses, city governments and private households, but also large international firms and organizations (Bovis Homes UK, The Disney Store, Qatari Ministry of Foreign Affairs).
